POLL JAX MEASURE WILL PASS MONDAY

Municipal Laws Committee Renders Favorable Report on New Ordinance.

The poll tax ordinance drawn in accordance with the new law passed by the last legislature was recommended for passage by the municiap laws committee last night. It will probably be concurred in Monday

night by the city council.

The ordinance reduces the tax from \$3 to \$2 and makes it payable in cash instead of labor. The municipal laws committee did not take up Mr. Martin's resolution directed against horse racing, which was referred to this committee at Mr. Fernstrom's request. Mr. Martin occupied a box last night at the last performance of "The Blue Mouse."

The petition of Georpe P. Ryser and others for the removal of a pool of stagnant water on First West street between Ninth South and Mead streets, was recommended filled by the street committee because no relief can be afforded until after the high water substides.

HANDS CRACKED RAW AND SCALY

Itched and Burned Terribly-Arms Affected, Too-Could Not Move Thumbs Without Flesh Cracking -Sleep and Work Often Impossible - Was Fairly Worn Out.

CUTICURA SOON CURED HIS FEARFUL ECZEMA

"About a year ago an itching humor began to appear around the back of my hand. It started in to spread, and pretty soon it covered bosh my hands and got up over my wrists and even up to the elbows. The itching and burning were terrible. My hands got all scaly and when I scratched, as I was doing a good part of the time, the surface would be covered with blisters and then get raw. The eczema got so bad in around the pit of my thumbs that I could not move the thumbs without deep cracks appearing. I went to my doctor, but his medicine could only stop the itching and did not seem to heal my hands up at all. At night I suffered so fearfully that I could not sleep, often lying awake until well toward morning, then waking up still tired. I am a chef and steward by trade and I had to give up my place, as my hands were so terrible to look at that they did not like to have me around about the food. I could not bear to touch them with water, but when I positively had to get my lands clean I would rub them with oil.

"This sort of business went on for three months and I kept trying zinc and tar ointments and such remedies with no particular benefit. I did not know what to do, for I was fairly worn out. For a long time several friends kept asking me why I didn't use Cuticura and at last I thought I would. First I got the Cuticura Soap, then Cuticura Ointment and at last Cutieura Resolvent. I put the Cuticura Ointment on at night, covering my hands with light cotton gloves. In the morning the inside of the gloves would be lined with scales, sometimes half as long as your finger, leaving nice healed places where the scales had been. In a month I was cured and have kept so now for nine months. My hands and arms are perfectly clear of all traces of eezema and I think I am well rid of it. Walter H. Cox, 16 Somerset St., Boston, Mass. Sept. 25, 1908."
